

Literacy:

Key grammar focus areas:

- Apostrophes
- Commas
- Connectives to join two sentences together
- Words used to sequence events
- Paragraphs
- Pronouns
- Varying sentence length for effect

The first three weeks will be spent looking at the differences between biographies and autobiographies. The person that we will be learning about will be Neil Armstrong and Buzz Aldrin. The final three weeks we will be learning about legends and myths and will begin by focusing on the legends and myths of space that were believed many years ago and then moving on to Greek myths.

Maths:

The children will continue to be tested on Big Maths on a weekly basis and then we will continue to go through a question at a time in the following maths lessons as starters.

We will be applying what we are learning at all times this term through word questions and we will be carrying out practise SATs questions on a daily basis to familiarise the children with mathematical language.

Science/ICT:

Science this term will be taught by Mr Nagel-Smith on a Thursday afternoon. The topic this term is the earth, sun and moon.

Spring Term 1 2014 Space

PE :

PE lessons will continue to be on a Monday and Wednesdays.

Dance will be learning a series of steps and sequences and learning how to creatively listen to music and create movement from this. Football lessons will be on Mondays and we will be continuing to improve our skill set and put these skills into a match situation.

Geography:

Our topic is closely linked to our science for this term.

- Order/size of planets
- Life on the planets
- Day/night
- Neil Armstrong
- Buzz Aldrin
- NASA
- Constellations

This topic will give the children a chance to choose an area they are most interested by within this topic and research it further to then put together a Powerpoint presentation and deliver what they have learnt to teach others.
